List of Parts & Tools

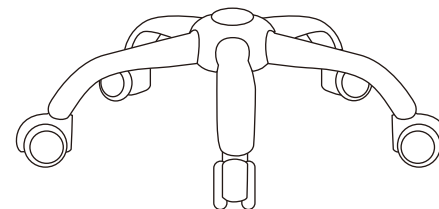

X1

Back cushion

X1

Seat cushion

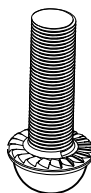

X1

Five-star base

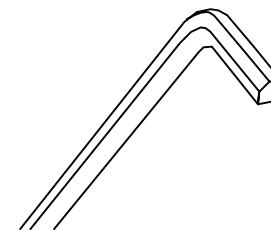

X1

Gas cylinder

X2

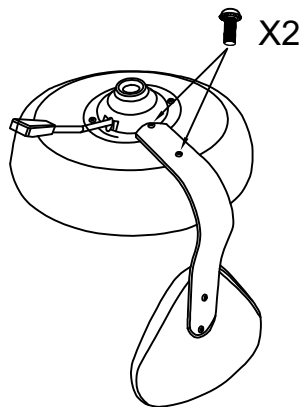

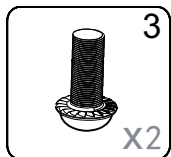

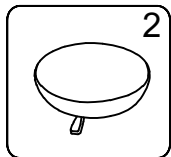

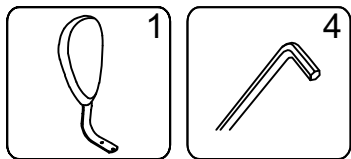

M6 x 25mm

X1

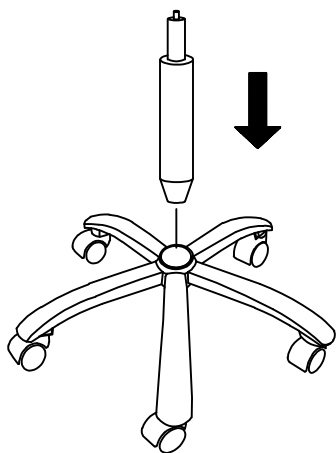

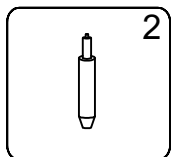

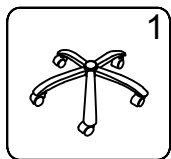

5mm

Step 1

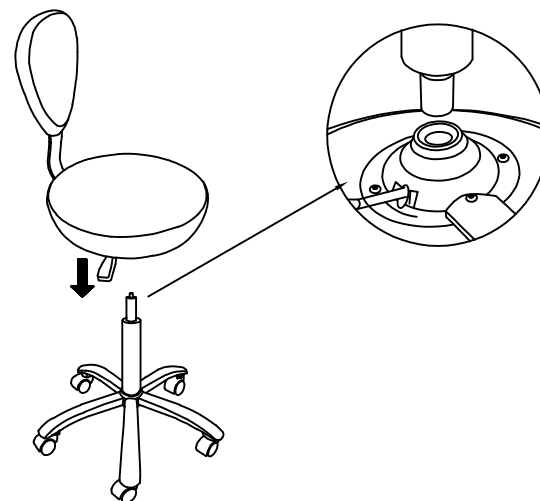

1. Turn the seat cushion over and remove the two screws from the underside using the M6 wrench
2. Position the backrest bracket so that its lower mounting holes align with the corresponding threaded holes in the seat cushion.
3. Start both screws loosely to ensure perfect alignment before tightening. Using the M6 wrench evenly tighten each screw snug, be careful not to overtighten.

Step 1

1. Insert the gas lift into the stool base ,ensuring the larger end is pointing downward.

Step 3

1. Align the top of the gas lift with the center hole on the underside of the seat cushion ,then press down to seat the chair.

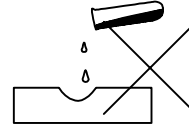

Product care

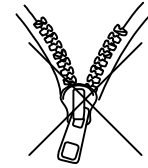

Brush away excess hair

Clean surface with damp cloth or use simple soap & water solution.

Avoid using corrosive cleaning agents such as bleaches.

Do not remove upholstery for cleaning

Product Information

1. Enjoy our new stool!
2. After assembly and before use, we suggest extending the gas lift to the full height and back down several times to prime the cylinder.
3. If you have any questions or concerns, please contact our customer experience team at 912-335-4445.
